Ergonomic Design for Optimal Comfort
You can say goodbye to neck strain with ALOGIC's Glide Flexible Dual Monitor Arm and create an ergonomic viewing experience. Adjust your monitors to the perfect height, depth, and angle to alleviate stress on your eyes, neck, and shoulders, ensuring you remain comfortable and productive even during long work hours.

Built for Strength and Durability
Crafted with the highest-quality materials, the ALOGIC Glide is designed to support two monitors with ease and reliably. The robust build of this dual monitor arm means your screens stay securely in place, giving you peace of mind as you tackle your day-to-day tasks.

Seamless Integration and Installation
Achieve a clutter-free desk with the sleek design of the ALOGIC Glide. The easy installation process allows you to mount your monitors quickly, requiring minimal tools. This arm seamlessly blends into your workspace, complementing any office aesthetic.

Fully Adjustable for Any Viewing Angle
The ALOGIC Glide offers unrivaled flexibility, allowing you to tilt, swivel, and rotate your monitors to any desired angle. The arm's exceptional range of motion empowers you to customize your viewing experience entirely, whether for focused work sessions or collaborative meetings.

Integrated Cable Management System
Keep your work area organized and free of unsightly cable clutter with the ALOGIC Glide's built-in cable management system. Channels and clips keep your cables in place, contributing to a more streamlined and efficient workspace.
