SATECHI

Satechi Aluminum Headphone Stand - Space gray

Keep your headphones protected, your devices charged and your desk organised. The Satechi headphone stand combines a dedicated place for your AirPods Max with USB-C charging, an integrated wireless charging base and practical cable management.

- Store and charge your AirPods Max
- Wirelessly charge your iPhone or AirPods
- Protect your headphones with padded grips
- Keep cables neatly organised
- Check charging status at a glance

Store and charge your AirPods Max
Give your AirPods Max a dedicated place on your desk while keeping them ready to use. The built-in USB-C charging port delivers up to 5 W of power, so you can charge your headphones where you store them.

Wirelessly charge your iPhone or AirPods
Put the base of your headphone stand to work. The integrated wireless charger provides a convenient charging spot for a compatible iPhone or AirPods wireless charging case, without adding another charger to your desk.

Protect your headphones with padded grips
Keep your headphones off the desktop and supported between listening sessions. Padded grips cushion the contact points to help protect your headset from everyday wear.

Keep cables neatly organised
Reduce loose cables around your workspace with the built-in cable hook. It keeps your headphone cable tucked away and within reach, helping your desk stay tidy.

Check charging status at a glance
An integrated LED indicator lets you check charging status without picking up your device. It is a simple way to confirm charging while you work.

Package includes

- Satechi 2-in-1 Headphone Stand with Wireless Charger
- USB-C cable
- User manual
