Super Ultra-Rugged Construction
Built to withstand the rigours of daily use, the ALOGIC Ultra cable boasts a refined combination of synthetic fibre and nylon double braiding. Its exceptional construction provides the ultimate protection against wear and damage. The added TPE cable head ensures that the most critical stress point is fortified, accompanying you reliably on all your adventures.

Charge, Sync & Power
The ALOGIC Ultra cable empowers you to do more than charge your devices. It's meticulously designed to support data syncing and faster power delivery. Compatible with a vast array of USB-C devices, it keeps you connected, allowing up to a 3A output for quick charging and up to 480Mbps data transfer rate for syncing all your precious files.

Superior Materials for Longevity
The ALOGIC Ultra cable promises a longer lifespan and is expertly crafted using top-tier materials. Every aspect, from the flexible nylon double braiding to the sturdy metal alloy housing, is meticulously created to provide a durable, high-quality connection that withstands everyday use.

Fast Charging and Data Transfer
Time is of the essence, and the ALOGIC Ultra cable ensures that neither charging nor data transfer slows you down. Experience rapid charging for your devices and quickly sync your favourite photos, music, and documents without a hitch or delay.

Designed for Convenience and Durability
Understanding your on-the-go lifestyle, the ALOGIC Ultra cable perfectly fits any laptop bag or backpack. Its lightweight and portable form factor and its durable construction make it the ideal companion for your daily commute and extensive travels.
