ALOGIC Aspekt 32" Omni Fold Stand For Mac Mini - Silver

The ALOGIC Omni Stand is a smart, space?saving stand designed to sit beneath your display and cradle your Mac mini M4. It lifts your computer off the desk for better airflow, keeps every port within easy reach and helps you reclaim valuable workspace in even the most compact setups.

- Optimized for Mac mini M4 and large displays
- Maximizes your available desk space
- Easy access to all Mac mini ports
- Ventilated design for cooler operation
- Folds completely flat when not in use

Optimized for Mac mini M4 and large displays
The ALOGIC Omni Stand is purpose?built for the Mac mini M4, creating a perfectly matched platform that integrates seamlessly into your workspace. Designed to support displays up to 81.3 cm, it allows you to place your monitor directly on top of the stand while your Mac mini sits securely underneath. This vertical stacking arrangement keeps your setup compact and professional?looking, whether you are in a home office, studio or open?plan workplace.

Maximizes your available desk space
By positioning your Mac mini directly under your display, the Omni Stand frees up valuable desk real estate that would otherwise be occupied by your computer. This simple vertical arrangement helps you maintain a clean, organized workspace with more room for your keyboard, mouse, notebook and other essentials. It is ideal for smaller desks and shared or flexible workstations where every centimetre of space matters.

Easy access to all Mac mini ports
The Omni Stand is designed so that all ports on your Mac mini remain fully accessible at all times. There is no need to move or lift your computer to plug in accessories or external drives. You can quickly connect peripherals, memory sticks and power cables directly from your seated position, making your day?to?day workflow smoother and more efficient while reducing cable clutter around your desk.

Ventilated design for cooler operation
Airflow is a key part of the Omni Stand’s design. The ventilated construction helps heat dissipate more effectively, keeping your Mac mini cooler, even during intensive tasks like video editing, software development or large file transfers. By improving natural cooling, the stand supports more stable performance over long sessions and contributes to the long?term reliability of your device.

Folds completely flat when not in use
When you need a completely clear desk or want to reconfigure your workspace, the Omni Stand folds down flat against the surface in seconds. Its folding design makes it easy to store in a drawer or shelf, and perfect for hot?desking, co?working environments or any setup that needs to adapt quickly. Despite its slim profile when folded, it remains sturdy and reliable in use thanks to its robust aluminium construction.

Package includes

- 1 x ALOGIC Omni Stand - Silver
