UAG Scout Silicone Wristband for Apple Watch - Titanium

Elevate your Apple Watch experience with the Scout Silicone Watch Strap from Urban Armor Gear. Crafted for mobility and designed to endure any adventure, this strap ensures you conquer your day unrestrictedly. Whether catching waves, hitting the trails, or engaging in other rigorous activities, the Scout Strap is your perfect companion.

- Compatible with Apple Watch Series 1 -12 & SE
- Stainless steel hardware
- Discreet tuck closure
- Soft-touch silicone
- Slim yet sturdy design

Compatible with Apple Watch Series 1 -12 & SE
The Urban Armor Gear Scout Strap seamlessly fits a wide range of Apple Watch models, from the latest series to older versions, ensuring that your watch gets a significant upgrade, no matter its generation. This universal compatibility means you can switch between Apple Watch models without needing a new strap.

Stainless steel hardware
Durability meets elegance with the stainless steel hardware of the Scout Strap. Not only does it ensure a secure fit, but it also adds a touch of sophistication to your wrist. This high-quality material is resistant to rust and corrosion, perfect for both adventurous exploits and everyday wear.

Discreet tuck closure
The innovative discreet tuck closure system offers a clean and streamlined look, ensuring the strap stays in place without any extraneous flaps. This design promotes comfort and aesthetics, making it easy to transition from the gym to the office.

Soft-touch silicone
Feel the difference with our soft-touch silicone, which provides a comfortable and skin-friendly experience all day long. Whether you're in a business meeting or on an outdoor expedition, the soft silicone material ensures you experience no irritation or discomfort.

Slim yet sturdy design
Designed for the modern adventurer, our strap offers a slim profile that doesn't compromise on strength. This unique combination gives you the freedom to move, whether you’re engaging in extreme sports or daily tasks, all while offering the robustness needed to protect against wear and tear.
