Full-size Keyboard with Numeric Keypad

The Echelon keyboard features a full-size design with a numeric keypad, providing a traditional typing experience. The full-scale layout ensures that composing lengthy documents or entering data is quick and precise, making it perfect for professional use.

Easy Switching Between Multiple Devices

With the ability to store and switch between three paired Bluetooth devices, multitasking has never been more effortless. Whether you're working on your MacBook, checking your iPad, or sharing a keyboard at a hot desk, transition smoothly with a simple click.

Designed for macOS with Productivity Shortcuts

Crafted explicitly for macOS, the Echelon keyboard includes a variety of one-click shortcuts such as Select All, Cut, Copy, Paste, and more, speeding up your workflow. These keys are strategically placed for easy access, ensuring a more efficient and productive working environment.

Long-lasting Rechargeable Battery

Say goodbye to the hassle of constantly replacing batteries. The integrated USB-C charging battery can last for weeks on a single charge, saving time and resources. Recharging is quick and can be done through any computer's USB-C port in less than an hour.

Broad Device Compatibility

The ALOGIC Echelon keyboard is tested for compatibility with various devices, including macOS, Windows, Chromebooks, iPhones, iPads, and Android devices. While designed for macOS, the keyboard offers versatility across different operating systems for a wide-ranging application.
