

ALOGIC Elements PRO 10cm USB-C to USB-A Adapter - Black

Unleash the full potential of your legacy USB-A devices with the sleek and durable ALOGIC Elements PRO 10cm USB-C to USB-A Adapter. Ensure your peripherals are never obsolete and enjoy high-speed data transfers and robust charging capabilities. The Elements PRO Adapter is the key to effortless compatibility with ever-evolving digital ecosystems.

- SuperSpeed USB 3.2 Gen 1 Compatible
- High Current Charging Support
- Durable Fabric Braided Cable
- Flexible Strain Relief
- Reversible USB-C Connector

SuperSpeed USB 3.2 Gen 1 Compatible

Experience swift and seamless data transfers with the ALOGIC Elements PRO Adapter, boasting compliance with the USB 3.2 Gen 1 standard. With data transfer speeds up to an astonishing 5Gbps, you can move large files between devices in a fraction of the time it would take with USB 2.0, streamlining your workflow and productivity.

High Current Charging Support

Say goodbye to slow charging times. The Elements PRO Adapter delivers up to 3A of power to charge your devices rapidly. Whether you need a quick power boost for your smartphone or to ensure your tablet is fully charged for a meeting, the Elements PRO covers you.

Durable Fabric Braided Cable

The ALOGIC Elements PRO Adapter is designed for dai. With a fabric braided that provides superior protection against wear and tear cable strength and flexibility cable, you can rely on the Elements PRO to stay intact and perform reliably under frequent plugging and unplugging.

Flexible Strain Relief

Engineered with an extended and flexible strain relief structure, the Elements PRO Adapter is adept at absorbing stress caused by bending or twisting. This thoughtful design helps prevent the cable from fraying at common breakage points, ensuring longevity and maintaining connection integrity.

Reversible USB-C Connector

Embrace hassle-free connectivity. The reversible USB-C connector allows for an easy, no-fuss connection every time, eliminating the frustration of properly aligning the adapter. Just plug in and go—simplicity at its best.
