

Experience unparalleled video output with the ALOGIC Elements USB-C to HDMI Adapter. Designed to effortlessly bridge the gap between USB-C devices and HDMI displays, this adapter delivers vibrant visuals and seamless transitions for a superior viewing experience. Be it gaming, cinematic immersion, or professional use, trust ALOGIC for unparalleled reliability and quality.

- Crisp 4K Display Support
- User-Friendly Design
- Durable and Reliable
- Eco-Friendly Packaging
- Compatibility and Versatility

Crisp 4K Display Support

The ALOGIC Elements USB-C to HDMI Adapter stands out with its ability to support ultra-high-definition resolutions. With HDMI 2.0 compatibility that allows resolutions up to 4096x2160 at 60Hz, it ensures every detail is rendered smoothly. Whether casual gaming or professional high-def presentations, this adapter supports a 1080p resolution with an impressive 240Hz refresh rate for ultra-responsive visuals.

User-Friendly Design

Convenience meets functionality with the user-focused design of the ALOGIC Adapter. Its bendable architecture and compact connectors make installation in tight spaces effortless. The easy-grip PVC jacketing ensures user comfort, while a sturdy latch provides a firm connection, ensuring a hassle-free and secure user experience.

Durable and Reliable

Crafted with an ABS connector shell, the ALOGIC adapter is built to withstand high-traffic environments, ensuring longevity and reliability. Rigorous testing through numerous applications affirms its unwavering performance, a promise backed by our lifetime warranty that assures you of the product's enduring quality and durability.

Eco-Friendly Packaging

In line with our commitment to sustainability, ALOGIC's packaging for this adapter is 100% recyclable. This eco-friendly approach ensures that your operations remain sustainable while you enjoy the exceptional quality our product offers, effectively balancing environmental responsibility with consumer satisfaction.

Compatibility and Versatility

Versatility is at the core of the ALOGIC USB-C to HDMI Adapter's design. It connects USB-C ports that support DP Alt Mode video output to HDMI displays, ensuring seamless functionality with Thunderbolt ports. This uni-directional design makes it compatible with a wide range of modern devices, perfectly suited to meet the demands of both personal and professional environments.
