ALOGIC RAPID 2 Port USB-C & USB-A Laptop & Phone Car Charger - Black

Revolutionize on-the-go charging with the ALOGIC RAPID Car Charger, your ultimate power solution for simultaneously charging up to two devices while travelling. This versatile and compact car charger ensures your laptop, tablet, or phone always has the energy boost it needs anytime and anywhere. With its sleek design and advanced technology, the ALOGIC RAPID Car Charger is a must-have accessory for today's high-powered lifestyles.

- Dual Charging Convenience
- Advanced Power Delivery
- Intelligent Safety Features
- Illuminating LED Indicator
- High Power Output

Dual Charging Convenience
The ALOGIC RAPID Car Charger comes equipped with a USB-C Power Delivery (45W) port and a USB-A (12W) port, allowing you to charge two devices efficiently at the same time without any hassle. Now, you can power up your laptop and smartphone concurrently, ensuring both are ready to go when you are.

Advanced Power Delivery
Harness the latest USB-C Power Delivery technology capabilities with this 57W car charger. It's engineered to replenish your devices swiftly and efficiently, ensuring your power-hungry gadgets get the quick charging they deserve so you can stay connected and productive on all your journeys.

Intelligent Safety Features
The ALOGIC RAPID Car Charger incorporates intelligent charging technology to guarantee that an optimal current is uniformly distributed amongst your devices. This protective measure boosts the charging process and safeguards your devices against overcurrent and excessive voltage.

Illuminating LED Indicator
A subtle yet functional built-in blue LED light will indicate a successful power connection between your devices and the charger. This convenient feature ensures you can effortlessly confirm at a glance that your devices are receiving the power they need.

High Power Output
With a maximum output of 57W, this car charger stands at the forefront of power provision. Its impressive capability to distribute high levels of current means that even the most power-intensive devices will be charged in no time, allowing you to maximize your device usage on long drives.
