Universal Compatibility
You will no longer be restricted to chargers specific to each device. The ALOGIC Rapid Power Charger comes with the latest USB-C Power Delivery technology, which intelligently identifies the optimal power output for each connected device. Whether you're powering a laptop, tablet, or smartphone, this charger adapts to meet the unique charging requirements safely and effectively.

Compact and Portable
Portability meets power with the ALOGIC Rapid Power Charger. Leveraging state-of-the-art GaN technology, it's 50% smaller than traditional chargers and ditching a bulky cable. The result is a lightweight, compact charger that won't weigh you down, perfect for on-the-go use without sacrificing performance.

3x Faster Charging with GaNFast
Step into a new era of charging with GaNFast technology, redefining the speed at which your devices can be powered. By converting power up to 100x faster than old silicon chips, this charger ensures that your devices are charged and ready for action much more rapidly, minimizing downtime and maximizing efficiency.

Guaranteed Performance
ALOGIC stands behind the performance of its Rapid Power Charger, which has been rigorously tested to comply with all USB standards. This device is crafted to deliver exceptional performance and the reassurance of adhering to stringent guidelines set forth by the USB Industry Foundation. It is crafted to deliver and exceed expectations.

Certified Safe
Charge confidently, knowing the ALOGIC Rapid Power Charger is built with your safety in mind. This certified charger meets and exceeds all international regulatory standards and incorporates multiple safety functions, including overcurrent, overvoltage, short circuit, and overtemperature protection, to ensure a secure charging experience.
