Compact and Powerful Design
The ALOGIC Ultra USB-C to RJ45 Gigabit Ethernet Adapter boasts a minimalist design that perfectly complements today's devices. Despite its small stature, this adapter is a workhorse that assures reliable wired internet connectivity, providing users with uninterrupted productivity.

USB-C Connectivity
Modern appliances require modern solutions. This adapter has the latest USB-C connection, making it a perfect match for new-generation laptops and smartphones. The reversible USB-C connectivity means no fumbling, as it plugs in easily every time.

Gigabit Speeds for Faster Transfers
Say goodbye to buffering and slow downloads. The ALOGIC adapter supports Gigabit Ethernet, allowing up to 1 Gbps transfer speeds. This pace is ideal for data-intensive tasks such as HD streaming, online gaming, or high-volume file downloads, ensuring an efficient and smooth internet experience.

Plug and Play Convenience
This adapter prioritizes your time. There's no need for software installation or to carry around an external power source. Connect the adapter to your device's USB-C port, and the plug-and-play feature has you set up in seconds, ready for immediate use.

Premium Build Quality
ALOGIC hasn't just designed an adapter that works great, but one that lasts. The premium materials used in manufacturing fend off wear and tear, ensuring that the adapter withstands daily use and travels intact and functional.
