- Works Across All Your Devices – Compatible with phones, tablets, earbuds, smartwatches & more

Charge Two Devices While Recharging Itself
No more cable chaos or dead batteries. The Tandem+ redefines multitasking by letting you charge two devices at once—even while the power bank itself is recharging. Whether you're sharing power or staying productive on the move, it's ready when you are.

30W USB-C & 20W Lightning Fast Charging Built In
Forget dongles and external cables—Tandem+ includes powerful, integrated USB-C and Lightning connectors. Delivering up to 30W and 20W respectively, they offer ultra-fast charging for smartphones, tablets, and even energy-efficient laptops. Stay powered up, not tied down.

Smart Display for Smarter Charging
Get real-time insight with Tandem+'s crisp display screen. Instantly check how much power is left, whether it's charging or discharging, and stay in control wherever you go—no guesswork required.

Designed for Travel, Built for Everyday Life
Lightweight and looped for easy cable storage, Tandem+ is your ideal travel companion. Approved for airline carry-on (under 100Wh) and compact enough for your commute or weekend trip, it makes charging on the go effortless.

All-in-One Compatibility
From iPhones to Androids, earbuds to smartwatches, Tandem+ is built to power your full tech ecosystem. It works with USB-C, USB-A, and Lightning accessories—and it can even charge efficient laptops via USB-C PD or Thunderbolt ports, like modern MacBooks.
