ALOGIC Super Ultra HD 8K HDMI to HDMI Cable - Space gray

Unlock the full potential of your TV, monitor, or projector with a premium HDMI 2.1 cable built for today and ready for tomorrow. The ALOGIC Super Ultra delivers true 8K clarity, ultra-smooth high frame rates, stunning HDR, and uncompromised audio in one simple, durable cable designed for performance and longevity.

- True 8K at 60 Hz and 48 Gbps HDMI 2.1 performance
- Smooth 4K at 120 Hz with variable refresh rate for gaming
- Ultra build quality with reinforced cable and alloy housing
- Fully backward compatible with earlier HDMI versions
- Uncompressed, full resolution audio and HDR visuals

True 8K at 60 Hz and 48 Gbps HDMI 2.1 performance
Experience razor-sharp detail and lifelike realism with support for up to 8K at 60 Hz. The cable is fully compliant with HDMI 2.1 and delivers up to 48 Gbps bandwidth, enabling ultra-high resolutions, faster refresh rates, and the latest video features. Whether you are driving a cutting-edge display or future-proofing your setup, this cable ensures your content looks its absolute best.

Smooth 4K at 120 Hz with variable refresh rate for gaming
Level up your games and fast-motion content with 4K at 120 Hz and variable refresh rate. VRR reduces stutter, latency, and lag, keeping action fluid and responsive. Perfect for high frame rate gaming, video walls, sports, and pro editing workflows where smooth motion matters.

Ultra build quality with reinforced cable and alloy housing
Built to go the distance, the Super Ultra cable uses a strengthened core with synthetic fibre and a tough thermoplastic jacket to resist wear and tear. The connector head adds maximum strain relief with a thermoplastic body and a robust metal alloy housing. Gold-plated connectors further enhance durability and signal integrity for a reliable connection over the long term.

Fully backward compatible with earlier HDMI versions
Plug in with confidence. This HDMI 2.1 cable works perfectly with existing HDMI devices and displays. Whether you are connecting a computer, console, Blu-ray player, streaming box, or AV receiver, it delivers dependable performance today and headroom for future upgrades.

Uncompressed, full resolution audio and HDR visuals
Enjoy the immersive punch of high dynamic range content with brighter highlights, deeper blacks, and a wider colour range. Pair compatible sources and displays for a cinematic picture and pristine, uncompressed audio through a single HDMI connection. Simple setup, maximum quality, no extra audio cables required.

Package includes

- 1 x ALOGIC Super Ultra 8K HDMI to HDMI Cable, 2 m, Space Gray

Product specifications

- Brand: ALOGIC
- Model: Super Ultra HD 8K HDMI to HDMI Cable
- Length: 2 m
