SATECHI

Satechi Right Angle Data & Charge Cable 1 m - Black

The Satechi Right-Angle USB-C to USB-C Cable delivers 240W USB PD 3.1 EPR charging, 20Gbps data transfer, and 4K/60Hz display output in a 1-metre braided cable built for demanding everyday use. The right-angle USB-C connector reduces strain on your device's port, while the braided design, reinforced neck, and aluminum connectors.

- USB-C to USB-C braided cable with reinforced neck and aluminum connectors
- 240W USB PD 3.1 EPR charging
- 20Gbps data transfer
- 4K/60Hz display output
- USB-IF certified
- Right-angle USB-C connector to reduce port strain
- Vegan leather cable management included

Braided build with reinforced neck and aluminum connectors
Experience durability and style with the Satechi Right Angle Cable's braided design. This cable not only withstands daily wear and tear but also adds a chic touch to your tech accessories.

The Satechi Right-Angle USB-C to USB-C Cable is built to last
The braided outer jacket, reinforced neck, and aluminum USB-C connectors (esist daily wear and tear. The right-angle connector at the device end reduces lateral strain on your USB-C port, making it a practical choice for charging at a desk or connecting a laptop in a tight space.

240W USB PD 3.1 EPR charging
Harness unparalleled charging power with an astounding 240W capability. The extended power range technology ensures your devices are charged swiftly and efficiently, keeping you ahead in the fast-paced tech world.

This cable supports up to 240W charging via USB Power Delivery 3.1 Extended Power Range (EPR)
Compatible with laptops, monitors, and accessories that support USB PD 3.1 EPR — including many recent MacBooks, Windows ultrabooks, and USB-C monitors. Note: achieving 240W requires both the charger and the connected device to support USB PD 3.1 EPR.

Transfer data at up to 20Gbps
Enables fast movement of large files between compatible devices. Combined with 4K/60Hz display output, this cable supports video, data, and power delivery simultaneously.

4K/60Hz display output
Connect a 4K monitor at up to 60Hz directly through this cable. This makes the cable suitable for single-cable setups combining video output, data transfer, and charging. Display output requires a host device and monitor that support USB-C video output.

This cable is certified by the USB Implementers Forum (USB-IF) , confirming it meets industry standards for electrical safety, power delivery performance, and compatibility.

Package includes

- 1x Satechi Right Angle Data & Charge Cable (1 m) - Black
- 1× Vegan leather cable management strap
- 1x User Manual

Product specifications

- Brand: Satechi
- Colour: Black
- Model: AP-YCR100K
- Length: 1 meter
- Weight: 46 grams
- Connector type: USB-C to USB-C
- Right-angle end: Device end
- Data Transfer Speed: 20 Gbps
- Display Output: 4K/60 Hz
- Power Delivery: 240W (USB PD 3.1 EPR)
- Connector Material: Aluminium
- Certification: USB-IF certified
- Compatibility: **Compatible with Mac, iPad & iPhone**

  Works across a wide range of Apple devices — from the latest MacBook Pro M5 and MacBook
