High Resolution Support
Enjoy the highest quality video output that technology has to offer. The ALOGIC Ultra Cable supports resolutions up to 4K at 60Hz, providing an immersive viewing experience that is perfect for streaming high-definition content, gaming, or extending your workspace for increased productivity.

Bidirectional Functionality
With advanced bidirectional technology, this ALOGIC Ultra Cable is versatile and efficient. Connect from a USB-C (with DP Alt Mode) laptop to a DisplayPort monitor, or the reverse, from a DisplayPort-enabled computer to a USB-C compatible display. The two-way functionality of this cable maximizes its use, making it a valuable tool for any tech-savvy user.

Portable and Lightweight Design
The ALOGIC Ultra Cable doesn't just outperform in terms of quality; it's also designed for the modern on-the-go lifestyle. Its compact size and lightweight construction mean it fits easily into your bag or briefcase, making it ideal for professionals and students who require reliable technology at their fingertips.

Plug and Play Simplicity
Simplify your setup with this plug-and-play cable that requires no complicated installation. The reversible USB-C connector enables hassle-free connection to compatible devices, ensuring you're always ready to present, watch, or work no matter where you are. An intelligent LED indicator confirms when the device is connected and ready for use.

Superior Construction Quality
Crafted with an unibody aluminum design, the ALOGIC Ultra Cable is built for durability, style, and long-lasting performance. The flexible and tough TPE jacket alongside reinforced stress points ensures that this cable can withstand the rigors of daily use while maintaining its integrity and providing exceptional performance.
