

## AM Airspray Cleaning Pro - White

Unveiling the AM Airspray Cleaning Pro, your ultimate tool for keeping your valuable equipment dust-free. This high-capacity compressed air cleaner effortlessly eliminates dust from keyboards, drives, motherboards, and other hard-to-reach areas. CFC-free and flammable, it comes with an extension tube for exact application, ensuring precision with every use.

- High capacity compressed air cleaner
- Easily removes dust from various devices
- Includes extension tube for precision application
- CFC-free composition
- Flammable, 500ml net capacity

### High Capacity Compressed Air Cleaner

The AM Airspray Cleaning Pro is designed to offer high capacity compressed air ideal for keeping your devices clean. Whether it's your keyboard, motherboard, or drive, it works efficiently to remove trapped dust. Plan your cleaning schedule with ease knowing that our cleaner will last for extended periods.

### Easy Dust Removal

Tired of struggling to remove dust from your devices? No more! Our Airspray Cleaning Pro makes dust removal a breeze. It's meticulously designed to blow dust off keyboards, drives, motherboards, and more, maintaining your devices in pristine condition.

### Precision Application with Extension Tube

Every can of our Airspray Cleaning Pro includes an extension tube. This is designed to ensure precise application. The tube allows you to reach difficult areas and apply the cleaner with accuracy, leaving no nook or cranny dusty.

### CFC-Free Composition

The eco-conscious will be pleased to know that our product is CFC-free. We understand the potential negative impact of CFCs on the environment, and we've taken steps to ensure our product does not contribute to this.

### Flammable with a 500ml Net Capacity

The AM Airspray Cleaning Pro is flammable. Remember safety matters; therefore, it should be handled carefully. With a volume of 500ml net, it provides abundant cleaning power to keep your devices dust-free.
