Ergonomic Design
The Echelon Mouse sports a compact, ergonomic chassis that ensures your hand remains cramp-free even after a long day. Combined with the keyboard's full-size, comfortably spaced keys, this set offers an uninterrupted and pleasant typing experience, ideal for composing long documents.

Seamless Connectivity
In a world where convenience is key, the Echelon set stands out with its ability to effortlessly switch between three connected devices: laptops, phones, and tablets. Whether at a hot desk at work or setting up a home office, switching between devices is seamless at the touch of a button.

Long-lasting Battery
Never worry about running out of power with the Echelon’s integrated USB-C rechargeable battery. This energy-efficient feature ensures that the mouse and keyboard last weeks between charges, saving time and the hassle of constantly changing batteries.

Productivity-Enhancing Shortcuts
Enhance your efficiency with custom shortcuts designed specifically for Windows productivity. The keyboard includes single-key Cut, Copy, and Paste functions along with other OS shortcuts like Email, Calculator, and Search, easily streamlining your workflow.

Multi-Device Compatibility
The Echelon wireless combo is designed to adapt to your diverse digital ecosystem. It is compatible with Windows, macOS, Android, iOS, and Chromebooks, catering to various platforms while maintaining optimal performance.
