SATECHI

Satechi EX3 Slim Wireless Keyboard US English Layout - Space Black

The Satechi EX3 Slim Wireless Keyboard with US English layout is a full-size, professional keyboard designed for smooth productivity across devices and operating systems. With quiet scissor switch keys, a dedicated numpad, and fast switching between up to four connections, it delivers a clean, dependable typing experience for both office and home setups.

- Connect to up to four devices with 4-in-1 wireless connectivity
- Full-size layout with numpad and navigation keys for faster workflows
- Quiet scissor-switch keys in a slim, comfortable design
- Mac and Windows support with instant OS key remapping
- Rechargeable, removable battery with up to five (5) weeks of use per charge

Connect to up to four devices with 4-in-1 wireless connectivity
Pair the keyboard to up to three devices via Bluetooth 5.3 and connect a fourth using the 2.4 GHz USB-C nano receiver. Switch between devices in seconds without needing to re-pair, making it easy to move from laptop to tablet to desktop throughout the day. Simply press the dedicated connection shortcut keys (BT1, BT2, BT3, or 2.4G) to switch instantly.

Full-size layout with numpad and navigation keys for faster workflows
The Slim EX3 is built as a full-size keyboard, with a dedicated numpad and a navigation cluster that supports efficient editing, data entry, and everyday multitasking. It is a practical choice for spreadsheets, creative work, and general productivity.

Quiet scissor-switch keys in a slim, comfortable design
Low-profile scissor-switch keys provide a precise, controlled feel with quieter keystrokes, suited to shared workspaces and focused environments. The slim design keeps your typing position comfortable while maintaining a premium, clean look on any desk.

Mac and Windows support with instant OS key remapping
Toggle the OS switch to configure the keyboard for Mac or Windows. Key functions and shortcuts align immediately, so you can work naturally across different computers without relearning key layouts.

Rechargeable, removable battery with up to five weeks of use per charge
The Slim EX3 runs on a rechargeable AA battery battery designed to last up to five weeks on a single charge. The battery is removable and the keyboard supports USB-C charging, designed with long-term usability in mind and compliant with the EU 2027 battery replaceability standard.
