Pela Vine Watch Band for 40mm Apple Watch - Cassis

Pela Vine Watch Band is a comfortable, everyday Apple Watch strap made from Pela's compostable Flaxstic material. It's designed for a clean look, an easy fit, and a lower-impact choice compared with conventional plastic bands, without compromising on durability or feel.

- 100% compostable, plant-based materials
- Designed for Apple Watch compatibility
- Quick-release magnetic clasp for easy changes
- Soft, flexible feel with comfortable grip
- Less waste with interchangeable hardware

100% compostable, plant-based materials
Vine Watch Band is made from Pela's Flaxstic material, combining plant-based biopolymer with plant fibers. Unlike conventional plastics that can persist for hundreds of years, this strap is designed to compost and biodegrade, helping you reduce everyday plastic waste through a product you use daily.

Designed for Apple Watch compatibility
Built to work seamlessly with Apple Watch, Vine Watch Band is designed to fit Apple Watch Series 1, 2, 3, 4, 5, 6, and SE. It's a straightforward way to update your watch with a more sustainable strap while keeping the fit and function you expect.

Quick-release magnetic clasp for easy changes
Switching straps is simple and tool-free. Pela's patent-pending quick-release magnetic metal clasp is designed to help you change your band in seconds, making it easy to adjust your look or swap bands without the hassle of small tools or complicated pins.

Soft, flexible feel with comfortable grip
The strap is made to feel good all day. Vine Watch Band is soft, flexible, and slightly grippy, offering a comfortable feel against the skin compared with many traditional watch band materials.

Less waste with interchangeable hardware
Pela redesigned the hardware so you don't need a new set of steel lugs for every strap. The interchangeable approach reduces unnecessary parts and supports a lower-waste way to own and swap watch bands over time.

Package includes:

- Vine Watch Band
- Quick-release magnetic metal clasp
- Interchangeable lugs

Product specifications:

- Compatible with Apple Watch Series 40mm 1, 2, 3, 4, 5, 6, and SE
- Material: Flaxstic (compostable bioplastic elastomer combined with flax straw plant fibers)
- Verified free of phthalates, BPA, cadmium, and lead
- Composting standards: meets ASTM D6400-04 and EN 13432 for industrial composting; can also biodegrade in a home compost environment
- Lower carbon footprint and lower greenhouse gas emissions than traditional plastic (per material description)
