pipetto.

Pipetto Hardshell Clear Case for MacBook Neo 13 (A18 Pro) - Frosted Blush

Give your MacBook everyday protection without hiding its design. The Pipetto Hardshell Clear Case combines a lightly frosted, transparent finish with a secure clip-on fit, adding just 1.2 mm of thickness while protecting against knocks, bumps and scratches.

- Slim protection with a secure fit
- Premium polycarbonate built to last
- Clear finish that resists fingerprints
- Designed for airflow and stability
- Compatible with Pipetto sleeves

Slim protection with a secure fit
The precision-engineered, clip-on shell fits securely around your MacBook, providing all-round protection against everyday scrapes and knocks. With just 1.2 mm of added thickness, it keeps your device slim and easy to slip into a bag or briefcase.

Premium polycarbonate built to last
Made from 100% premium polycarbonate, the hardshell offers durable protection with a lightweight feel. The material is designed to resist brittleness, discolouration and loosening, helping the case retain its fit and appearance over time.

Clear finish that resists fingerprints
Keep your MacBook's design on show with a transparent, lightly frosted finish. The subtly textured surface helps minimise fingerprints and surface marks, keeping the case looking cleaner through daily use.

Designed for airflow and stability
Built-in ventilation openings help heat escape, while rubberised feet elevate your MacBook to support airflow underneath. The feet also help keep your device stable on a wide range of surfaces.

Compatible with Pipetto sleeves
For added protection when carrying your MacBook, pair the hardshell with a Pipetto Classic Fit Sleeve or Expand Sleeve. Both are designed to accommodate your MacBook with the hardshell fitted, so there is no need to remove it before packing away.

Package includes
