Wireless Charging Compatible

The PodSkinz Artisan Series is designed to support wireless charging, ensuring your daily charging routine is seamless and convenient. The high-grade leather material does not interfere with the charging process, providing the ultimate blend of functionality and luxury.

Genuine Italian Leather

Experience top-grain genuine Italian leather’s soft touch and durability, chosen specifically for the masterful creation of the KeyBudz case. Each case boasts a pebble grain finish that enhances the tactile sensation but also adds to the sophisticated aesthetic of your AirPods 3.

Handcrafted 4-Piece Shell

Highly skilled artisans carefully construct the Artisan Series case from a four-piece shell, each enveloped in lavish leather. The meticulous heat treatment process, taking nearly half a day, ensures the case is perfectly moulded and robust, safeguarding your device against the rigours of everyday use.

Re-stickable Secure Adhesive (RSA)

Rest assured that your AirPods will remain snugly fitted within the case, thanks to the RSA feature on the lid. This innovative secure-fit technology guarantees a durable bond, allowing for repeated opening and closing without a decline in adhesive strength.

Unparalleled Craftsmanship

The PodSkinz Artisan Series represents the pinnacle of KeyBudz’s craftsmanship. Each case is not just an accessory but a statement piece that reflects the premium tannage and the intricate, time-consuming processes our artisans dedicate to creating the perfect case for your AirPods 3.
