Iotty Smart Switch Faceplate 1-gang - Grey

Give your light switch a clean, refined finish with the Iotty Smart Switch faceplate. Designed in Italy and made from high quality tempered glass, this interchangeable 1-gang faceplate lets you choose a colour that suits your interior. This is the faceplate only. A separate Iotty Smart Switch Base is required for a functioning switch.

- Designed in Italy
- High quality tempered glass
- Interchangeable faceplate
- Five colours to suit your interior
- Made for the Iotty Smart Switch Base

Designed in Italy
Bring a considered finishing touch to your walls. The Italian design combines a clean, modern appearance with attention to detail, making the faceplate a natural fit for contemporary interiors.

High quality tempered glass
The tempered glass faceplate gives your switch a refined finish. Its glass surface adds an elegant touch without an overly decorative look.

Interchangeable faceplate
Change the appearance of your Iotty Smart Switch with an interchangeable faceplate. Choose a finish to match your room or update it when your interior style changes.

Five colours to suit your interior
Choose from white, black, blue, grey or tan. Match the faceplate to your walls for a coordinated look, or select a contrasting colour to make the switch stand out.

Made for the Iotty Smart Switch Base
This 1-gang faceplate is designed for use with a separate Iotty Smart Switch Base. It is not a complete switch and does not function on its own. Add the compatible base to complete your switch.
