iRing Pocket Mag - Pearly white

Make your smartphone experience simple, precise, and streamlined with the iRing Pocket Mag in Pearl White. This innovative accessory combines a fixed grip, an adjustable stand, and the convenience of a holder for two cards, all in one sleek design. No hassle with glue—effortlessly attach it to your smartphone using MagSafe technology and enjoy a safe and firm grip that keeps your phone and cards secure.

- Card holder for up to 2 cards
- Effortless attachment using MagSafe technology
- 360-degree rotation and 180-degree tilt
- Easy to attach and remove
- Patented, strong ring

Card holder for up to 2 cards
The iRing Pocket Mag is designed with a built-in card holder that can securely store up to two cards. You no longer need to carry a separate wallet or cardholder; slide your essential cards into the holder and keep everything you need, conveniently attached to your phone.

Effortless attachment using MagSafe technology
Say goodbye to messy glue and adhesives. The iRing Pocket Mag attaches effortlessly to the back of your smartphone using advanced MagSafe technology. This ensures a firm and secure grip you can rely on without any residue or damage to your phone.

360-degree rotation and 180-degree tilt
Enjoy ultimate flexibility and convenience with the iRing Pocket Mag. The ring features 360-degree rotation and 180-degree tilt, allowing you to prop your phone up at any angle. Whether watching videos, making video calls, or browsing, the iRing Pocket Mag makes it easy to find the perfect viewing position.

Easy to attach and remove
The iRing Pocket Mag is designed for simplicity and ease of use. You can attach and remove it effortlessly, making it a versatile accessory that adapts to your needs. Switch between different cases or detach it when not in use—it's that simple.

Patented, strong ring
The iRing Pocket Mag features a patented, strong ring that guarantees durability and reliability. Even after thousands of rotations, the ring remains secure and intact. The ring's unique D-shape is ideal for horizontal and vertical phone positioning, ensuring stability and saving you money on frequent replacements.
