Just Mobile TENC - Clear

Meet the ultra-slim, crystal-clear case that lets your iPhone X/XS shine while delivering serious everyday protection. Just Mobile TENC blends a hard, transparent back with shock-absorbing sides and a patented self-healing coating to keep your phone looking new, day after day.

- Covered buttons and precision sensor cut-outs
- Crystal-clear hardshell with shock-absorbing sides
- Patented self-healing coating
- Raised bezel for screen protection
- Integrated lanyard hole

Covered buttons and precision sensor cut-outs
Every control is protected yet instantly responsive, thanks to covered buttons that keep dust and debris out without sacrificing click feel. Meticulous cut-outs align perfectly with speakers, ports, microphones, and sensors to ensure full functionality with zero interference.

Crystal-clear hardshell with shock-absorbing sides
A rigid, transparent back preserves the original look of your iPhone X/XS, while shock-absorbing thermoplastic sides cushion against bumps and everyday knocks. This hybrid construction delivers all-around defense without bulk, so your phone stays pocket-friendly and pristine.

Patented self-healing coating
Keep your case looking fresh longer. The advanced, patented self-healing finish helps minor scratches and scuffs fade over time, maintaining a smooth, clear surface and a like-new appearance even with daily use.

Raised bezel for screen protection
A subtle raised edge helps protect the screen and camera when you place your phone face down or on rough surfaces. It’s a simple, effective layer of defense that adds confidence without adding weight.

Integrated lanyard hole
Clip on a wrist strap or lanyard for extra security on the go. The built-in anchor point gives you flexible carry options for commuting, traveling, or shooting on the move.
