

Make every day carry feel premium. The Mujjo Echelon Leather AirPods Pro Case protects your earbuds in beautifully crafted Danish calfskin while keeping all the conveniences you love—wireless charging, effortless pairing, and easy carry—right at your fingertips. Thoughtful details meet sustainable materials for a case that looks refined on day one and gains character over time.

- Wireless charging ready
- Premium Velore leather with sustainable DriTan tanning
- Front status window for at-a-glance charging
- Built-in clip for easy carry
- Precision cutouts and molded button for seamless use

Wireless charging ready

Set your AirPods Pro down and power up—no cables to remove, no case to take off. The leather and internal construction are designed to work flawlessly with wireless charging mats, so daily charging stays effortless.

Premium Velore leather with sustainable DriTan tanning

Crafted from fine-grain Danish calfskin, our Velore leather is tanned using innovative DriTan technology, which uses no water and minimizes waste. The result is a supple, durable leather that feels luxurious in hand and develops a rich patina with use.

Front status window for at-a-glance charging

A precisely placed front cutout lets the AirPods Pro LED shine through, making it easy to check charging status at a glance—whether on a desk, in a bag, or on a nightstand.

Built-in clip for easy carry

Attach your case to keys, a bag, or a belt loop in seconds. The integrated clip keeps your AirPods Pro secure and accessible, so you can move hands-free and never miss a beat.

Precision cutouts and molded button for seamless use

Everything works just as you expect. A base opening preserves clear sound alerts, the side opening accepts a lanyard, and the molded leather button with pairing cutout enables quick Bluetooth pairing—no need to remove the case.

Package includes

- Mujjo Leather AirPods Pro Case with integrated clip
