Twelve South SurfacePad for iPhone 11 - Green

SurfacePad by Twelve South is an ultra-slim, full-grain leather wallet case for iPhone 11. It protects the front and back, holds two cards and folds into a hands-free stand, while keeping your phone's distinctive design visible.

- Ultra-slim full-grain leather cover protects the front and back
- Built-in stand for hands-free viewing and video calls
- Two card slots for everyday essentials
- Automatic wake and sleep when opening and closing the cover, where supported
- Compatible with Qi wireless charging without removing the case

Ultra-slim full-grain leather protection
Designed specifically for iPhone 11, SurfacePad offers lightweight protection against everyday scratches and minor bumps. The full-grain leather exterior develops a natural patina over time, giving each cover its own character. Its slim profile keeps your phone easy to slip into a pocket without hiding its distinctive shape.

Built-in stand for hands-free viewing and video calls
Fold the back of the case to support your iPhone 11 in landscape orientation. The integrated stand lets you watch films, follow recipes, make FaceTime calls or view presentations without holding your phone.

Two card slots for everyday essentials
Two precision-cut slots inside the front cover hold essentials such as an ID and a bank card. Use them alongside Apple Wallet to carry physical cards while storing supported cards and tickets digitally on your iPhone.

Automatic wake and sleep, where supported
Where supported by compatible iPhone features, opening the front cover automatically wakes the screen, while closing it puts the screen to sleep. This can also help conserve battery life.

Compatible with Qi wireless charging
Charge your iPhone 11 on a compatible Qi wireless charging pad without removing SurfacePad. The cover, card slots and folding stand remain in place while you charge.

Package includes

- Twelve South SurfacePad iPhone 11 Case - Green
