- Bottom cutout for charging without removing the cover
- Tailored fit for the Apple AirPods Charging Case

Full-grain leather protection for your AirPods Charging Case
AirSnap helps protect your AirPods Charging Case from everyday scratches, scuffs and drops. Its full-grain leather fits snugly around the case and develops a rich patina over time.

Integrated swivel clip for bags, belt loops or keyrings
Attach AirSnap to a backpack, handbag, belt loop or keyring with the integrated metal swivel clip. Your AirPods stay within easy reach on your commute, at the gym or when travelling.

Secure snap closure holds your AirPods case in place
The metal snap closure keeps your AirPods Charging Case securely inside AirSnap while you are on the move. Fasten it to help prevent accidental opening and protect against bumps in your bag or pocket.

Bottom cutout for charging without removing the cover
A cutout at the bottom provides access to the Lightning charging port. Plug in your cable to recharge while your AirPods Charging Case stays inside AirSnap.

Tailored fit for the Apple AirPods Charging Case
Designed specifically for the Apple AirPods Charging Case, AirSnap adds a slim layer of protection without unnecessary bulk. The fitted design lets you open the lid, check the status light and charge as usual.
