Adaptable folding design
This versatile design doubles as a stand, allowing you to prop your iPhone up in either portrait or landscape mode for hands-free viewing, whether you're giving presentations or enjoying your favorite TV shows.

Luxurious Velore leather
Crafted from fine-grain calfskin and tanned using water-free DriTan technology, the Velore leather not only feels incredible to the touch but also offers a sustainable choice that ages gracefully with time.

Supremely soft Japanese microfibre lining
To further protect your cards, the interior is lined with a satin-like Japanese microfibre. This cushioning adds a layer of protection while enhancing the overall luxurious feel of the wallet.
