Twelve South SurfacePad Case with Stand for iPhone 7/8/SE(2) - Black

Twelve South SurfacePad is an ultra-thin leather folio for iPhone 7, iPhone 8 and iPhone SE (2nd generation). Made from soft nappa leather, it combines front and back protection, two card slots and an integrated hands-free stand in a slim, pocket-friendly design.

- Premium nappa leather with a soft, warm feel
- Ultra-thin, lightweight folio protects the front and back
- Two built-in card slots for everyday essentials
- Integrated hands-free stand for videos and video calls
- Soft microfiber lining helps prevent scratches and scuffs

Premium nappa leather with a soft, warm feel
Crafted from genuine nappa leather, SurfacePad feels supple, warm and secure in your hand. The leather develops a distinctive patina with everyday use.

Ultra-thin, lightweight folio protects the front and back
SurfacePad helps protect the front and back of your iPhone from everyday bumps and contact with keys, coins and other items in your pocket or bag. Its slim, lightweight design preserves your phone's sleek profile without adding unnecessary bulk.

Two built-in card slots for everyday essentials
Two discreet slots inside the front cover keep essential cards, such as an ID, bank card or transit card, secure and within reach. Carry them alongside your phone while the folio cover protects the screen.

Integrated hands-free stand for videos and video calls
Fold the back cover to create a stable hands-free stand. It props up your iPhone's Retina HD display for comfortable viewing while you watch videos, browse, make video calls or follow recipes.

Soft microfiber lining helps prevent scratches and scuffs
The soft microfiber lining cushions your iPhone and helps protect its surface from scratches and scuffs. Paired with the leather exterior, it provides slim protection for the front and back.

Package includes
