

ALOGIC presents the SkySound Bluetooth Audio Transmitter, your perfect travel companion for a seamless wireless audio experience. Whether you're in the air or at the gym, connect wirelessly to any device with 3.5mm headphone jack compatibility and enjoy audio like never before.

- Universal Wireless Audio
- Long-Haul Battery
- Dual Plug Adapter
- Share the Sound
- Never Miss A Beat

Universal Wireless Audio

In just seconds, the ALOGIC SkySound Bluetooth Audio Transmitter connects your AirPods or any Bluetooth headphones to in-flight entertainment, gym equipment, and other wired audio sources. This hassle-free connection ensures you're always ready to enjoy your preferred audio without the need for cumbersome wires. Compatible with any 3.5mm audio output including aeroplanes, TVs, laptops, and gym equipment.

Long-Haul Battery

With an impressive 25+ hour battery life, the SkySound keeps you connected no matter your destination. Whether you're on a cross-country flight or lounging at home, this long-lasting battery ensures limitless audio enjoyment without the constant worry of recharging. Rechargeable via USB-C input (5V).

Dual Plug Adapter

Our proprietary dual plug adapter ensures compatibility with all planes, eliminating any guesswork about connections. You'll be able to plug in and listen on any flight, giving you a universal solution to inflight entertainment systems. Includes a 2-pin airline adapter for dual mono aeroplane sockets

Share the Sound

SkySound offers the unique ability to stream audio to two Bluetooth devices simultaneously as it supports simultaneous dual Bluetooth headphone connections. This feature is ideal for sharing a movie or music with a friend on a long flight or any shared listening experience.

Never Miss A Beat

Bluetooth 5.2 technology provides rock-solid connectivity and high-quality audio. This advanced connection ensures that you experience uninterrupted sound, regardless of where you are, keeping your audio experience smooth and consistent. Supports advanced codecs including SBC, AAC, aptX, aptX-LL, aptX-HD, and aptX Adaptive for high-quality, low-latency audio.

Package includes

- ALOGIC SkySound Bluetooth Audio Transmitter - white
