Pipetto Origami Folio Case for iPhone 12/12 Pro with 5-in-1 Adjustable Positions and Shock Protection turns your phone into a versatile everyday companion. Designed for ultimate usability and protection, this multi-position folio case lets you enjoy hands-free viewing, confident drop protection, and long-lasting antimicrobial defense – all in an ultra-slim, premium finish that feels as good as it looks.

- 5-in-1 multi-position stand for hands-free viewing and calls
- Advanced shock-absorbent protection with raised-edge screen guard
- Easy to clean material
- Slim, sleek, pocket-friendly design with satisfying magnetic folding
- Fully compatible with both wireless and wired charging

5-in-1 multi-position stand for hands-free viewing and calls
The Origami design gives you five different stand positions in one slim case, making it incredibly versatile in daily use. Set your iPhone 12 or 12 Pro upright for hands-free FaceTime calls, tilt it for comfortable video watching in bed or on the sofa, or use low-angle modes that are perfect for typing, browsing, or scrolling. Whether you are working, streaming, or catching up with friends, the 5-in-1 stand system ensures you always have the perfect viewing angle without needing any extra accessories.

Advanced shock-absorbent protection with raised-edge screen guard
Engineered with a highly shock-absorbent TPU bumper, this case protects both the body and the edges of your iPhone. The reinforced corners and wraparound frame help cushion your device from everyday drops and knocks, giving you extra peace of mind. Around the screen, the raised edge is designed to sit perfectly flush with a glass screen protector, adding an extra layer of defense without feeling bulky. The result is all-round protection that still feels refined, balanced, and comfortable in your hand.

Easy to clean material
The case is engineered with a premium, easy-to-clean material that keeps your phone looking fresh with minimal effort. Its smooth, resilient surface resists everyday grime and wipes clean in seconds, maintaining a polished appearance no matter how often you handle it. Built to retain its performance for the life of the case, it delivers long-lasting cleanliness and dependable convenience.

Slim, sleek, pocket-friendly design with satisfying magnetic folding
Despite its multi-functional stand and protective bumper, this case maintains a slim, sleek profile that complements the design of your iPhone 12 or 12 Pro. It slides easily into and out of pockets or bags, without snagging or feeling bulky. The Origami folding cover has a precise, satisfying click when it snaps into each stand position, adding a tactile feel to using your case. The soft-touch exterior feels premium in the hand, while the overall design stays true to the minimal, elegant look of your iPhone.

Fully compatible with both wireless and wired charging
The Origami Folio is fully compatible with wireless charging, so you can drop your iPhone onto a compatible charging pad without removing the case. The materials and thickness are carefully engineered so they do not interfere with charging performance. For wired charging, precise cut-outs keep the Lightning port and speakers fully accessible, and button covers are designed for responsive, easy presses. You get full functionality of your iPhone 12 or 12 Pro, with no compromises in convenience.
