

KeyBudz Jelly Series Transparent Case for AirPods Pro 3rd Gen - Baby blue

Give your AirPods Pro 3rd Gen a fresh, playful look while keeping them safe. The KeyBudz Jelly Series Transparent Case in Baby Blue combines soft-touch comfort, everyday drop protection, and crystal-clear transparency so your AirPods stay protected and stylish without hiding their original design.

- 1 m drop protection for everyday accidents
- Transparent, non-yellowing TPU that stays clear
- Soft-touch finish for a secure, comfortable grip
- Wireless charging compatible with easy port access
- Includes matching lanyard for convenient carry

1 m drop protection for everyday accidents

The Jelly Series is built to handle life on the go. With protection tested for drops up to 1 meter, this case helps shield your AirPods Pro 3rd Gen from bumps, knocks, and unexpected slips out of your hand or pocket. Whether you are commuting, at the gym, or on the couch, your charging case gets reliable, all-around protection from scratches and minor drops.

Transparent, non-yellowing TPU that stays clear

Made from high-performance, anti-yellowing TPU, the Jelly Series keeps its fresh, baby blue transparent finish over time. Unlike ordinary clear cases that quickly turn dull or yellow, this premium material is engineered to resist discoloration and grime. Your AirPods case stays clean-looking and lets the original design subtly show through the tinted transparent shell.

Soft-touch finish for a secure, comfortable grip

The soft-touch TPU not only looks good, it feels great in your hand. The smooth yet grippy surface helps prevent slips while making it more comfortable to hold and handle your AirPods throughout the day. Sliding it in and out of your pocket or bag feels effortless, and the flexible TPU makes installation quick and simple.

Wireless charging compatible with easy port access

You can keep your case on at all times. The Jelly Series is fully compatible with wireless charging, so just place your AirPods Pro 3rd Gen on any Qi-compatible charger and power up without removing the cover. When you need to charge with a cable, precise cutouts give you easy access to the charging port and indicator light, ensuring smooth, hassle-free use.

Includes lanyard for convenient carry

Designed for everyday practicality, the Jelly Series comes with a lanyard so you can carry your AirPods more securely. Attach it to your wrist, bag, or belt loop to keep your AirPods close at hand and reduce the risk of dropping or losing them. It is a simple accessory that adds both convenience and peace of mind to your daily routine.
