Genuine hand-burnished leather with a distinctive finish
Each case is made from genuine leather, hand-burnished along the edges and corners for a rich, lived-in finish. No two cases are exactly alike, and the leather develops a natural patina over time. Its understated style suits both casual and formal settings.

Designed specifically for iPhone 7 Plus and iPhone 8 Plus
Designed exclusively for iPhone 7 Plus and iPhone 8 Plus, the case offers a precise, secure fit. Carefully positioned cutouts provide easy access to the camera, ports, speakers and buttons. Its slim, form-fitting design slips easily into a pocket or bag without unnecessary bulk.

Soft quilted microfiber lining helps protect against scratches
The quilted microfiber lining cushions your phone, creating a soft barrier between it and the hard shell. It helps protect the back and sides from scratches caused by dust or grit.

Protective 5-sided recessed shell helps reduce everyday wear
Beneath the leather exterior, a 5-sided recessed shell wraps around the back and edges of your iPhone. It holds the phone slightly recessed to help reduce contact with surfaces and everyday wear and tear. The shell adds structure and impact resistance while maintaining a slim profile.

Available with or without external pockets for cards or cash
Choose the version with external pockets to carry essential cards or cash alongside your phone, or the version without pockets for a more streamlined profile. Both styles offer the same leather, craftsmanship and protection.
