Vibrant 4.06 cm AMOLED display
A brilliant 4.06 cm AMOLED screen brings every detail to life with rich colors and deep contrast. It is energy-efficient to help preserve battery life, while the responsive touch interface keeps everything simple and intuitive for kids.

Real-time video calling
See and speak to your child instantly, wherever they are. With seamless video calling built right into the watch, quick check-ins and friendly chats are always just a tap away, helping your child feel secure and connected.

One-touch SOS safety alerts
Safety comes first with a dedicated SOS button. A single press sends immediate alerts to designated contacts, including your child's live location and a short audio recording, so you can respond quickly and confidently in an emergency.

Advanced GPS tracking with safe zones
Track your child's whereabouts with precise GPS, Wi-Fi, and LBS positioning. Set geofenced safe zones and receive instant notifications if your child exits those areas, giving you added assurance throughout the day.

Built-in MP3 player for on-the-go fun
Make every outing more enjoyable. The integrated MP3 player lets your child listen to favorite songs right from the watch, turning daily routines into moments of fun without needing extra devices.
