Compatible with myFirst Camera Insta 2 and Insta Wi

Engineered to work seamlessly with myFirst Camera Insta 2 and Insta Wi, these thermal stickers drop in and print flawlessly. No extra setup or software is needed, so kids can start creating and decorating right away.

Sharp, dark image quality

Enjoy crisp lines and clear details that make every sticker stand out. The thermal coating is optimized for consistent, high-contrast results, ensuring your characters, doodles, and captions look bold and readable.

10-year image durability

Create with confidence knowing your memories will last. The prints are formulated to resist fading for up to 10 years, so journals, crafts, and keepsakes stay bright and legible over time.

Smooth paper surface for clean application

The ultra-smooth surface makes every sticker easy to apply without bubbles or rough edges. It adheres neatly to notebooks, water bottles, scrapbooks, and more for a polished, professional look.

Free end roll design for easy use

A free end roll makes starting and peeling effortless, so kids can print, peel, and stick without frustration. Less fiddling means more time to create.
