

myFirst Sketch Board Pro - Black

Turn every idea into a vivid sketch. myFirst Sketch Board Pro is a kid-friendly, paperless drawing board that makes learning, doodling, and note-taking more fun. With a bright, pressure-sensitive LCD and zero-delay writing, it delivers a natural pen-on-paper feel while helping you save paper and stay organized at home, school, or on the go.

- Partial erase with built-in stylus eraser
- Pen-on-paper, zero-delay writing on a brighter display
- Large 25.4 cm LCD sketch area
- Eco-friendly with ultra-low power, up to 1 year battery life
- Portable and durable with free leather case and content lock switch

Partial erase with built-in stylus eraser

Fine-tune drawings and notes without clearing the entire screen. Press the partial erase button, flip the stylus to the eraser end, and softly remove just the parts you want. Tap return to keep creating. It's intuitive, tidy, and perfect for learning and revision.

Pen-on-paper, zero-delay writing on a brighter display

Enjoy a smooth, natural writing experience that feels just like pen on paper. The improved, brighter LCD makes lines clearer and easier to see from every angle, while pressure sensitivity lets kids vary line thickness with a familiar, lifelike touch.

Large 25.4 cm LCD sketch area

Give ideas more room to grow. The expansive 25.4 cm screen offers ample space for diagrams, spelling practice, math problems, and expressive art—without the clutter of loose sheets.

Eco-friendly with ultra-low power, up to 1 year battery life

Go greener while you learn. The reusable LCD screen replaces stacks of paper, and the high-efficiency design delivers up to a year of use or about 50,000 erases on a single replaceable CR2025 battery. Non-radiative and kid-safe by design.

Portable and durable with free leather case and content lock switch

Take creativity anywhere. Lightweight and travel-ready, Sketch Board Pro includes a stylish protective leather case. A convenient lock switch prevents accidental full erases, so important notes and artwork stay safe until you're ready to clear them.
