Sharp and dark image density for clear, crisp prints

Engineered for standout clarity, these premium thermal stickers deliver strong image density so your designs, labels, and memories look bold and legible. Text, icons, and borders print with high contrast to make every sticker pop.

Smooth paper surface for high-quality results

A refined, smooth surface ensures consistent thermal transfer and clean edges. The result is professional-looking stickers without smudges, jagged lines, or patchy areas, print after print.

Free end roll design for fast, hassle-free loading

Skip the struggle. The free end roll design lets you pop in a new roll and start printing in seconds. Fewer interruptions means more time creating and sharing your favorite moments.

Optimized size 57 mm x 30 mm for perfect compatibility

Sized precisely at 57 mm x 30 mm, these rolls fit the myFirst Camera Insta perfectly for reliable alignment and consistent output. Just load and print with confidence.

Long roll length 3.6 m with up to 36 stickers per roll

Each roll gives you up to 36 stickers, with a generous 3.6 m of paper to keep the fun going longer. Whether you are labeling, decorating, or crafting, you will have plenty of prints on hand.
