Plaud NotePin/ NotePin S Lanyard - Black

Keep your AI voice recorder secure, accessible and comfortable to wear with the Plaud NotePin/ NotePin S lanyard. Designed for Plaud NotePin and Plaud NotePin S, it combines an adjustable fit with a secure metal hook for everyday use, from your commute to meetings and travel.

- Durable construction for everyday use
- Adjustable length for a comfortable fit
- Secure metal hook attachment
- Hands-free access to your recorder
- A clean look for work and travel

Durable construction for everyday use
Made with tough, high-quality nylon, the lanyard is designed to withstand daily wear. It provides a reliable way to carry your Plaud NotePin or Plaud NotePin S throughout the day.

Adjustable length for a comfortable fit
Adjust the length from approximately 20.3 to 38.1 cm to suit your preference. The double-adjuster design lets you position your recorder where it feels comfortable and remains easy to reach.

Secure metal hook attachment
A sturdy metal alloy hook keeps your recorder firmly attached to the lanyard. Whether you are commuting, moving between meetings or travelling, the secure connection helps keep your device in place.

Hands-free access to your recorder
Wear your recorder around your neck to keep it accessible without occupying your hands or pockets. The lanyard helps reduce the risk of accidental drops or misplacement, so your device stays close when you need it.

A clean look for work and travel
The understated black design fits naturally into office settings, conferences and everyday routines. Its clean, sporty appearance makes it a practical accessory for both professional and casual use.
