

Satechi Aluminum Headphone Stand with a built-in USB Hub - Space gray

Satechi presents the Aluminum Headphone Stand with a built-in USB Hub, a sleek and modern solution for storing and managing your favourite headphones. Its textured design, combined with convenient electronics management, adds a touch of sophistication to your desk space.

- Sleek home for your headphones
- Excellent USB-A data transfer
- Built-in 3.5mm headphone jack port
- Smart cable management
- Compatible with most headphones

Sleek Home for Your Headphones

This Aluminum Headphone Stand from Satechi enhances desk spaces with its sleek design. It is more than just a home for your headset.

Excellent USB-A Data Transfer

The stand features USB-A data transfer ports for your convenience. Access data or charge your device with high-speed transfer rates while keeping your headphones at hand length.

Built-in 3.5mm AUX Port

Included a 3.5 mm audio jack for plug-and-play access to your music. The luxurious stand is ready to facilitate your musical experience with high-quality audio delivery.

Smart Cable Management

This headphone stand also includes a smart cable management system, keeping your workspace neat and clutter-free.

Compatibility

The versatile stand fits all over-ear headphones, including brands like Bose, Beats, Sony, Panasonic, AKG, JBL, Audio-Technica, Sennheiser, Shure, and more. It's a universal solution for all headset users. USB-A ports will not support Apple SuperDrive or charge iPads, and we recommend connecting one bus-powered device at a time.
