Baseus Silicone case for iPhone 11 Pro - Black

Protect your iPhone 11 Pro with soft liquid silicone that feels comfortable in your hand and fits without adding bulk. The Baseus case combines resistance to fingerprints and scratches with raised camera protection and a translucent finish that keeps your phone's design visible.

- Soft liquid silicone for a comfortable grip
- Fingerprint and scratch resistance
- Raised edges for camera protection
- Slim fit with a translucent finish
- Covered buttons that stay easy to press

Soft liquid silicone for a comfortable grip
Made from pacifier grade liquid silicone, this case has a soft, silky surface and an odourless finish. Its curved edges sit comfortably in your hand, making your phone pleasant to hold throughout the day.

Fingerprint and scratch resistance
The silicone surface helps resist fingerprints and everyday scratches, keeping your case looking clean while protecting your phone from daily wear.

Raised edges for camera protection
A raised surround helps protect the camera lenses from contact with surfaces when you set your phone down. The wraparound design also covers the phone's edges for added everyday protection.

Slim fit with a translucent finish
Designed specifically for iPhone 11 Pro, the case fits snugly without adding unnecessary bulk. Its translucent finish lets your phone's original design show through.

Covered buttons that stay easy to press
Soft silicone over the buttons keeps them comfortable and convenient to use. The covered design helps protect the button area from scratches and minor bumps without compromising everyday operation.
