SATECHI

Satechi OntheGo™ Qi2 5K Magnetic Power Bank with Stand - Sand

Power your devices anywhere with Satechi's OntheGo™ premium Qi2 5K Magnetic Power Bank with Stand. This sleek, portable charger combines 15W fast charging technology with a convenient built-in stand, perfect for on-the-go professionals and travelers who need reliable power and hands-free viewing options in one elegant device.

- Premium portable 5,000mAh power bank with built-in adjustable stand
- Advanced Qi2 technology delivers fast 15W wireless charging
- Secure magnetic alignment for perfect connection every time
- Sleek aluminum frame with soft silicone charging surface
- Intelligent safety features prevent overheating for worry-free charging

Premium portable 5,000mAh power bank with built-in adjustable stand
The Satechi OntheGo™ Qi2 Magnetic Power Bank combines portability with convenience, featuring a robust 5,000mAh battery in an ultra-slim design that easily slips into your bag or pocket. What truly sets this power bank apart is its thoughtfully designed built-in stand with durable hinges that provide smooth adjustments for the perfect viewing angle. Whether you're watching videos, making video calls, or using StandBy mode, you'll enjoy hands-free convenience in both portrait and landscape orientations.

Advanced Qi2 technology delivers fast 15W wireless charging
Experience charging speeds that keep pace with your busy lifestyle. The Satechi OntheGo™ Qi2 5K Magnetic Power Bank delivers impressive 15W wireless charging—twice as fast as standard 7.5W wireless options. This means less time waiting for your devices to power up and more time staying productive. The power bank also features USB-C connectivity with 20W output/input for additional charging options and quick recharging of the power bank itself.

Secure magnetic alignment for perfect connection every time
Forget the frustration of misaligned wireless charging. The Satechi OntheGo™ Qi2 5K Magnetic Power Bank attaches effortlessly to your compatible device with a secure magnetic connection that ensures perfect alignment every time. Simply place your device on the soft silicone charging surface, press the power button, and charging begins instantly—no more checking to make sure your device is properly positioned to receive a charge.

Sleek aluminum frame with soft silicone charging surface
Designed for those who appreciate premium aesthetics, the Satechi OntheGo™ Qi2 5K Magnetic Power Bank features a sophisticated black aluminum frame that's both lightweight and durable. The soft-touch silicone charging surface not only provides precise magnetic alignment but also protects your device from scratches. This power bank seamlessly blends style and functionality, complementing your tech accessories while delivering powerful performance.

Intelligent safety features prevent overheating for worry-free charging
Charge with confidence knowing the Satechi OntheGo™ Qi2 5K Magnetic Power Bank incorporates advanced safety features to protect both the power bank and your valuable devices. Built-in intelligent protections prevent overheating, overcharging, and short circuits, ensuring a safe and reliable charging experience every time. The power bank also supports simultaneous charging through both wireless and USB-C connections with a total output of 10W (5W Qi2 + 5W USB-C), giving you flexible options to charge multiple devices.

Package includes:

- Satechi OntheGo™ Qi2 5K Magnetic Power Bank with Stand - Sand
- USB-C to USB-C Cable
- Product Manual
