Genuine leather with a distinctive hand-burnished finish
Each case is made from genuine leather, with edges and corners burnished by hand for a rich, gently worn look. No two cases are exactly alike, and the leather develops a patina over time. The understated finish suits both casual and formal settings.

Designed specifically for iPhone 7 Plus and iPhone 8 Plus
Tailored exclusively for iPhone 7 Plus and iPhone 8 Plus, the case provides a precise, secure fit. Carefully positioned cutouts give you easy access to the camera, ports, speakers and buttons. Its slim, form-fitting design slips easily into a pocket or bag without adding unnecessary bulk.

Soft quilted microfiber lining helps protect against scratches
The quilted microfiber lining cushions your phone and helps prevent scratches from dust or grit. It forms a soft barrier between your iPhone and the hard shell, helping protect the back and sides.

Protective 5-sided recessed shell helps reduce everyday wear
Beneath the leather exterior, a 5-sided recessed shell wraps around the back and edges of your iPhone. It holds the phone slightly back from contact surfaces to help reduce everyday wear. The shell adds structure and impact resistance while keeping the case slim.

Available with or without external pockets for cards or cash
The Twelve South Leather Case comes in two styles. Choose the version with external pockets to keep essential cards or cash with your phone, or the version without pockets for a more streamlined profile. Both offer the same leather finish, craftsmanship and protective construction.
