- 0-160° Viewing Angles
- Adjustable Backlit Keys
- Touchpad with Multi-Touch Gesture Recognition
- Available with integrated SSD storage

AN UNPARALLELED TYPING EXPERIENCE

Real tactile typing with the feel, sound, and response you expect. A full keyboard, with 3-level backlit keys, and long battery life. Get a true laptop experience, with the versatility of a Surface Pro tablet.

TRUE LAPABILITY ... ANYWHERE

Brydge 12.3 brings lapability to the forefront. Solid hinge without the need of the kickstand. A true laptop-like experience. Simply open the screen to the perfect angle from 0-160 degrees with the patented hinge design, and get the most out of your Surface Pro.

PRECISION GLASS TOUCHPAD

Minimal effort and maximum accuracy touch aftertouch. Multiple finger inputs and multi-touch gestures are a breeze. Everything you do on it feels natural and intuitive.

PRECISION-ENGINEERED

Designed with the same dimensions, texture, and form of the Surface Pro. Beauty meets strength with a light, but strong body, giving you the premium feel you deserve and expect. Lighter than a Surface Book when paired with the Microsoft Surface Pro, the Brydge 12.3 weighs just 23 ounces, for a beautifully seamless experience you'll see and feel.

Please Note: We highly recommend you remove any non-Brydge screen protector from your Surface prior to attaching the Brydge keyboard, to prevent undue pressure and potential damage to the screen when inserted into the hinges.

OPTIONAL EXPANDED STORAGE

128GB or 256GB High-Speed SSD

Available with an integrated High-Speed SSD card (up to 600mb/s), the Brydge 12.3 Pro 128 and Pro 256 models offer the power user that little bit extra. Providing added flexibility of an external hard drive without the inconvenience of an additional device. Connect via the included Micro-USB cable.

3-LEVEL BACKLIT KEYS - VISIBILITY IN ANY LIGHT

?LED-backlit keys that provide a consistent and confident typing experience in low to no light conditions.

Three levels of light to meet your visibility needs, and allowing you to control your workspace... wherever that may be.
