

Click and Grow 25 - White

Transform your kitchen into a personal farm with the Click and Grow 25 - Black edition. This sleek and stylish system lets you cultivate a salad greens garden on your countertop. Engineered for ease and efficiency, this garden enables anyone to grow fresh, nutrient-rich greens without any gardening experience. With the Click and Grow 25, you'll enjoy the flavour of home-grown greens and health benefits with minimal effort.

- Weekly & Constant Harvest Availability
- App-Enabled Water & Lighting Monitoring
- Sprouting Guarantee & Sustainable Energy Use
- Customizable & High-Quality Design
- Nutritious, Home-Grown Greens

Weekly & Constant Harvest Availability

The Click and Grow 25 ensures a constant supply of fresh produce at your fingertips. With a guaranteed sprouting system, you can experience the joy of harvesting fresh greens every week. Say goodbye to store-bought salad mixes and hello to a continual abundance of crisp, home-grown leaves for your daily meals.

App-Enabled Water & Lighting Monitoring

Manage your indoor garden with the touch of a button using the Click and Grow mobile app. This smart feature allows you to monitor your garden's water levels and lighting schedule effortlessly. It gives you complete control over your plants' environment, ensuring that your salad greens receive the optimum care for steady and robust growth.

Sprouting Guarantee & Sustainable Energy Use

The Click and Grow 25's modern technology offers a sprouting guarantee, ensuring that your plants will grow. The energy-efficient system also highlights sustainable living by reducing your carbon footprint through low energy consumption. Grow your leafy greens confidently with this eco-friendly garden.

Customizable & High-Quality Design

Our Click and Grow 25 is a masterpiece of function and form. Its high-quality natural oak and metal framework brings elegance to your living space. The modular design adapts effortlessly to your needs, whether growing 25 pods or extending to hundreds, creating a customizable garden that fits into any home.

Nutritious, Home-Grown Greens

Packed with flavour and nutrition, your Click and Grow 25 greens will surely be an instant hit on your plate. Growing your greens ensures you're getting the freshest produce without harmful additives, straight from your indoor garden to your table. Start enjoying the countless health benefits that come with home-grown greens today.
