

Click and Grow Smart Garden 9 Starter kit - Dark gray

Discover the effortless joy of indoor gardening with the Click and Grow Smart Garden 9 Starter kit. Transform any space into a thriving garden oasis with this intelligent system that takes the guesswork out of growing fresh herbs, fruits, and vegetables year-round. This sleek white kit is a seamless addition to your home, providing an elegant and smart way to produce 100% organic and GMO-free greens at your fingertips.

- Automatic Watering System
- Built-in Professional Growth Lighting
- High-Quality Seed Pods
- Smart Soil Technology
- Energy Efficient Operations

Automatic Watering System

Put your watering worries aside with the Smart Garden 9's innovative self-watering system. The garden efficiently maintains optimal moisture levels, allowing you to step back and watch your plants flourish without daily intervention. This clever feature ensures your garden receives the right amount of water for up to a month, making plant care hassle-free.

Built-in Professional Growth Lighting

Illuminate your plants with the Smart Garden 9's pro-grow lights, engineered for superior plant growth. The adjustable LED light arm bathes your plants in a spectrum tailored for germination and vigorous development, ensuring abundant yields regardless of weather or indoor lighting conditions.

High-Quality Seed Pods

Sprout and grow confidently using the pre-seeded plant pods with your Click and Grow Smart Garden 9. These professional-grade seeds boast a 100% germination rate, ensuring none go to waste. You can indulge in the freshest flavours right from your countertop with a starter set of tomato, basil, and lettuce.

Smart Soil Technology

Advanced Smart Soil is the heart of Click and Grow's cutting-edge cultivation. This patented nano-material is the perfect caretaker for your plants by automatically balancing water, nutrients, and oxygen levels. Witness robust plant growth without any manual adjustments or the need for chemical additives.

Energy Efficient Operations

Embrace sustainability with the Smart Garden's low energy footprint. Consuming just 13 watts of power and around 6.2 kWh per month, this indoor garden is cost-effective and an environmentally friendly choice for the eco-conscious grower.

Package includes

- Smart Garden 9 unit - Dark Grey
- Quick Start Guide with Pro Gardener Tips
