

Optimize your indoor garden's growth with the Click and Grow SG3 Extension Arm, designed exclusively for your Smart Garden 3. This crucial accessory ensures your plants receive the right light, promoting healthy and robust growth.

- Tailored for the Smart Garden 3
- Enhances plant growth
- Easy-to-install design
- High-quality construction
- Perfect for various plant sizes

Tailored for the Smart Garden 3

The Grow SG3 Extension Arm is perfectly compatible with the Smart Garden 3, making it a seamless addition to your smart gardening system. It's designed to fit flawlessly, ensuring your plants always get the light they need without any hassle.

Enhances Plant Growth

Strategically designed to elevate your lamp, the Click and Grow SG3 Extension Arm allows the right amount of light to reach your plants. This means better photosynthesis and healthier, more vigorous plants in your indoor garden.

Easy-to-Install Design

In the spirit of simplicity, the installation of the SG3 Extension Arm is straightforward and user-friendly. It takes only moments to attach, requiring no tools, so you can continue enjoying the smart gardening experience without interruption.

High-Quality Construction

Crafted with precision and made to last, the SG3 Extension Arm embodies quality. Its durability ensures that your Smart Garden 3's lamp stays secure, providing your greens with intense, focused light for seasons to come.

Perfect for Various Plant Sizes

Different plants may need different amounts of space to grow as your indoor garden thrives. The Extension Arm offers the flexibility to adjust the height of your Smart Garden 3's lamp, accommodating plants as they sprout and expand.
