

Click & Grow Plant Pods 3-Pack - Chili Pepper

Ignite the flavours in your kitchen with the Click and Grow Smart Garden Refill 3-pack - Yellow Chili Pepper. This refill pack will let you cultivate your vibrant yellow chilli peppers on your windowsill, perfect for your indoor garden. With a smooth texture and a spicy kick, these peppers will elevate any meal, providing both heat and a sweet, peppery flavour.

- Easy Indoor Growing
- Nutrient-Rich Superfood
- Organic and GMO-Free
- Complete Indoor Farmers Market
- Self-Pollinating for Increased Yield

Easy Indoor Growing

Forget the hassle of outdoor gardens; the Click and Grow Smart Garden makes yellow chilli pepper cultivation effortless and accessible. Even if you've never gardened before, our smart system guides you through the process, ensuring healthy growth and abundant harvests directly in your home.

Nutrient-Rich Superfood

Yellow chilli peppers aren't just about the spice; they're a powerhouse of nutrients, too. Packed with vitamin A and folate, these peppers contribute to your daily nutritional needs while adding that extra zing to your dishes.

Organic and GMO-Free

Healthy eating starts with pure, unadulterated produce. Our yellow chilli pepper refills are free from GMOs, pesticides, and herbicides. We're committed to providing you with a clean, organic gardening experience so you can enjoy peppers just as nature intended.

Complete Indoor Farmers Market

Imagine having access to fresh produce year-round, right in the comfort of your own home. With the Click and Grow Smart Garden, your windowsill transforms into a miniature farmers market. Fresh, home-grown yellow chilli peppers are a snip away whenever you need them.

Self-Pollinating for Increased Yield

Our yellow chilli plants are self-pollinating, so you'll succeed more in growing whole, ripe peppers. Hand-pollinating your flowers further ensures each plant reaches its full potential for a bountiful harvest.

Package includes

3 x refill capsules for the Click and Grow Smart Garden
