SATECHI

Satechi Slim LX Wired Mouse - Silver

The Satechi Slim LX Wired Mouse is a reliable, well-crafted mouse designed for smooth everyday control across your devices. With quiet clicks, precise scrolling and a durable aluminum design, it offers a premium wired experience that is simple to use at home, in the office or on the go.

- Quiet clicks for focused work and shared spaces
- Precision scroll wheel for accurate navigation
- Premium anodized aluminum design
- Wired USB-C connection with integrated USB-A adapter
- Durable build rated for 3 million clicks

Quiet clicks for focused work and shared spaces
The Satechi Slim LX Wired Mouse is designed to keep distractions to a minimum. Its quiet click mechanism makes it ideal for video calls, shared desks and open work environments, while still delivering a responsive and comfortable feel with every press.

Precision scroll wheel for accurate navigation
A premium metal scroll wheel gives you smooth, controlled scrolling whether you are working with documents, browsing websites or managing detailed tasks. The precise movement helps you stay accurate and efficient throughout the day.

Premium anodized aluminum design
Built with an anodized aluminum finish, the mouse combines durability with a refined look that fits naturally into modern workspaces. Its slim profile and quality materials give it a clean, premium feel that matches your other devices beautifully.

Wired USB-C connection with integrated USB-A adapter
With a direct wired connection, the Satechi Slim LX Wired Mouse delivers instant responsiveness without charging, pairing or interruptions. It connects through USB-C and includes an integrated USB-A adapter, making it easy to use with both newer and older devices.

Durable build rated for 3 million clicks
Made for long-term daily use, the mouse is rated for up to 3 million clicks. This gives you dependable performance over time, whether you use it for work, study or general everyday computing.
