SATECHI

Satechi SM3 Slim Mechanical Backlit Bluetooth Keyboard Nordic Layout - Dark

Upgrade your desk with the Satechi SM3 Slim Mechanical Backlit Bluetooth Keyboard – a full-size mechanical keyboard built for performance, comfort, and style. With a sleek aluminum design, tactile low-profile brown switches, and seamless compatibility across macOS and Windows, the SM3 is the powerhouse keyboard professionals and creatives have been waiting for. Whether you're working late, gaming hard, or crunching numbers, this keyboard adapts to every task with intelligent design and customizable features that keep you productive and comfortable.

- Full-Size 108-Key Nordic Layout with Numeric Keypad
- Effortless Multi-Device Connectivity (Up to 4 Devices)
- Customizable Backlight with 14 Patterns
- Tactile Low-Profile Brown Switches
- Ergonomic Design with Adjustable Feet
- Rechargeable 2500mAh Battery with USB-C Charging

Work Smarter Across All Your Devices
Connect to up to four devices at once using dual Bluetooth 5.0 channels, a 2.4GHz USB receiver (included), or a wired USB-C connection. Quickly toggle between Mac, Windows, iOS, or iPadOS devices without missing a beat — perfect for multitaskers, creatives, and hybrid setups.
The included platform-specific keycaps make switching between macOS and Windows seamless and intuitive.

Backlit Brilliance with 14 Lighting Modes
Light up your desk with a customizable white backlight that features 14 unique patterns, three brightness levels, and four animation speeds. Whether you're working late or gaming after dark, you'll enjoy optimal visibility without harsh glare. Use the dedicated lightbulb key to switch modes instantly and create the right vibe for any environment.

Designed for Typing Comfort
Engineered with low-profile brown tactile switches, the SM3 delivers smooth keystrokes and satisfying feedback — all while staying quiet enough for shared spaces. The shorter travel distance minimizes fatigue, making it perfect for long work sessions or deep focus.
Add in adjustable feet and removable keycaps, and you've got a keyboard that's ergonomic, easy to clean, and built for performance.

Full Number Pad. Full Power.
Sometimes, only a full-sized keyboard will do. With a complete 108-key layout and dedicated numeric keypad, the SM3 is ideal for users who frequently work with spreadsheets, data entry, or financial reports. It's the ultimate productivity tool in a slim, space-saving profile.

Built to Last – And Rechargeable
The SM3 features a future-proof USB-C port and a long-lasting 2500mAh battery that's efficient. Ditch the disposable batteries and enjoy the convenience of charging while you work.
