Click & Grow Smart Garden 3 Start Kit - White

Transform your living space into a lush indoor garden with the Click & Grow Smart Garden 3 Start kit - White. Ideal for plant enthusiasts with restricted space, this innovative kit ensures your plants receive the perfect balance of water, light, and nutrients. Simplify gardening and enjoy fresh herbs, flowers, or fruits all year round with this sleek, self-sustaining garden kit.

- Effortless Plant Care with Smart Soil Technology
- Energy-Efficient, High-Performance LED Lighting System
- Self-Watering for up to a Month
- Grow a Variety of Plants with Pre-Seeded Capsules or the Experimental Kit
- Eco-Friendly and Reusable Components

Effortless Plant Care with Smart Soil Technology
Discover the pinnacle of gardening simplicity with NASA-inspired Click and Grow Smart Soil. This innovative technology automatically regulates water, oxygen, and nutrient levels, ensuring your plants not only survive but thrive without any manual effort. Embrace the smart soil's perfect pH balance and built-in sensors for a hands-off approach to plant care.

Energy-Efficient, High-Performance LED Lighting System
Illuminate your plants with the Click and Grow Smart Garden's energy-efficient LED lighting system. The adjustable lamp arm and updated LEDs create an enhanced light spectrum tailored to promote superior plant growth while consuming minimal power. Watch your plants reach for the sky with no height restrictions thanks to the lamp's ingenious modular design.

Self-Watering for up to a Month
Bid farewell to daily watering chores. The Smart Garden features a sizeable 1.2L water tank to keep your garden hydrated for an entire month. This self-watering system allows you to sit back and relax, knowing your plants have constant access to the hydration they need.

Grow a Variety of Plants with Pre-Seeded Capsules
Whether you're craving fresh herbs like basil and parsley or wanting to brighten your space with lavender and other flowers, the Click and Grow Smart Garden kit comes with three complementary basil plant capsules to kickstart your gardening journey. For those who love to experiment, opt for the experimental refill and grow any plant of your choice, enjoying a garden that's as versatile as your tastes.

Eco-Friendly and Reusable Components
Commit to sustainability with the Click and Grow Smart Garden's reusable components. Biodegradable plant capsules ensure no harmful chemicals enter your home, supporting a cleaner environment and a healthier lifestyle. With this long-lasting garden kit, savor the rewards of a greener thumb and a greener planet.
